Professional Summary

Creative and detail-oriented UI/UX Designer and 4th-year Computer Science student skilled in user research, wireframing, high-fidelity interactive prototyping, and visual design systems using Figma and Adobe Creative Cloud. Experienced in transforming complex workflows into clean, accessible, and user-centric web and mobile interfaces through hands-on internship experience and end-to-end design case studies.

Education

2023–2027	Sardar Beant Singh State University, Gurdaspur Bachelor of Technology, Computer Science & Engineering	Current
2023	12th (Senior Secondary Examination) Central Board of Secondary Education (CBSE)	86%
2021	10th (Secondary Examination) Central Board of Secondary Education (CBSE)	60%

Internships & Trainings

Jun–Jul '26	UI/UX Design Intern, Arethos Ventures Pvt. Ltd., Mohali - Conducted user research, wireframing, and interface design for dynamic digital products. - Created responsive design systems and interactive prototypes using Figma. - Collaborated with cross-functional team members to improve user workflows and visual hierarchy.
Jun–Jul '25	Python AI/ML Trainee, Solitaire Infosys Pvt. Ltd., Mohali - Completed a 6-week technical summer training program in Artificial Intelligence and Machine Learning. - Developed application features and integrated user interfaces for data processing tasks. - Built an intuitive interface to visualize analytical results effectively.

Academic & Design Projects

Aug '26	Findas Project (UI/UX Case Study) - Conducted user research, layout structuring, and interface workflows to optimize overall design interaction. - Created interactive wireframes and high-fidelity visual UI layouts focusing on user experience and accessibility.
Jul '25	CampusOS Project (UI/UX & Platform Design) - Designed end-to-end user experience workflows and screen components tailored for campus management. - Structured intuitive dashboards and navigation systems using modern layout principles.
Jun–Jul '25	Sentia – Tweet Sentiment Analyser (B.Tech Project) - Implemented text classification features for real-time sentiment analysis. - Designed a user-friendly desktop interface featuring real-time data visualizations and analytics.

Technical & Design Skills

Design & Prototyping	Figma (Auto Layout, Components, Design Systems, Wireframing, Prototyping), Adobe Creative Cloud, User Research, Information Architecture, Visual Design, Usability Workflows
Web Technologies	HTML, CSS

Additional Information

2026	Registered participant in the Tata Imagination Challenge 2026 .
2026	Active Student Member & Executive Leader in campus committees at Sardar Beant Singh State University.
